Short Checklist

- SDS (SAFETY DATA SHEET) FOR THE FINAL MIXTURE
- FORMULA/COMPOSITION SHEET
- SDS FOR EACH RAW MATERIAL
- LABEL ARTWORK & PRODUCT PHOTOS/PACKSHOTS
- DISTRIBUTOR'S LIST

Additional / recommended

- TEST REPORTS ACCORDING TO EUROPEAN CANDLE SAFETY STANDARDS:
 - EN 15493 (FIRE SAFETY)
 - EN 15494 (PRODUCT INFORMATION & LABELLING)
 - EN 15426 (SOOT EMISSION)
- RISK ASSESSMENT FOR THE PRODUCT (GPSR)
- ANY EXISTING PRODUCT CERTIFICATES OR QUALITY MANAGEMENT DOCUMENTATION

Role of the Authorised Representative (AR)

The Authorised Representative serves as your local compliance partner in the EU and UK. Acting as the official contact for authorities, the AR ensures that all required technical documentation is available, monitors compliance with safety and labelling requirements, and provides support in case of inspections or market surveillance requests. By appointing Annel as your AR, you gain a reliable point of contact who helps you place your candles on the market smoothly, safely, and with full regulatory confidence.

We appreciate your trust and look forward to supporting you in bringing your products to market !
